

NorthPoint Academy is the premiere culinary school in Pampanga. We provide a high standard of training and world-class facilities for students that are based in Pampanga and the surrounding provinces north of Manila (Subic, Olongapo, Nueva Ecija, Bataan, Baguio, Bataan). The school offers a broad yet comprehensive variety of culinary subjects that are taught and conducted by qualified and experienced chef instructors.

NorthPoint Academy holds classes in a spacious demo kitchen with a comprehensive curriculum designed to encourage, motivate and bring out the best for chefs in the making. The facilities support the hands-on method of culinary training. With a small class size, students have a chance to personally connect with instructors and master chefs as they progress through their culinary training.

For more information and enrollment details please call/text at +639296950032 / (045) 8612309 and email at northpoint.ph@gmail.com
