

Revised IRR of Republic Act No. 10575

[May 23, 2016](#)

REVISED IMPLEMENTING RULES AND REGULATIONS

OF

REPUBLIC ACT NO. 10575,

OTHERWISE KNOWN AS

“THE BUREAU OF CORRECTIONS ACT OF 2013”

RULE I – PRELIMINARY PROVISIONS

Section 1. Short Title and Purpose. This Revised Implementing Rules and Regulations, hereinafter called the IRR, is hereby adopted and promulgated pursuant to Section 23 of [Republic Act \(RA\) No. 10575](#), otherwise known as the “*The Bureau of Corrections Act of 2013*” for the purpose of prescribing and applying the necessary rules and regulations for the strengthening of the correctional services.

RULE II – GENERAL PROVISIONS

Section 2. Declaration of Policy. It is the policy of the State to promote the general welfare and safeguard the basic rights of every prisoner incarcerated in our national penitentiary by promoting and ensuring their reformation and social reintegration, creating an environment conducive to rehabilitation and compliant with the United Nations Standard Minimum Rules for Treatment of Prisoners (UNSMRTP). It also recognizes the responsibility of the State to strengthen government capability aimed towards the institutionalization of highly efficient and competent correctional services.

The concept of imprisonment is stated in Rule 57 of UNSMRTP:

“Imprisonment and other measures which result in cutting off an offender from the outside world are afflictive by the very fact of taking from the person the right of self-determination by depriving him of his liberty. Therefore the prison system shall not, except as incidental to justifiable segregation or the maintenance of discipline, aggravate the suffering inherent in such a situation.”

The concept of reintegration to society is stated in Rule 58 of UNSMRTP:

“The purpose and justification of a sentence of imprisonment or a similar measure deprivative of liberty is ultimately to protect society against crime. This end can only be achieved if the period of imprisonment is used to ensure, so far as possible, that upon his return to society the offender is not only willing but able to lead a law-abiding and self-supporting life.”

And the concept of reformation is stated in Rule 59 of UNSMRTP:

“To this end, the institution should utilize all the remedial, educational, moral, spiritual and other forces and forms of assistance which are appropriate and available, and should seek to apply them according to the individual treatment needs of the prisoners.”

On a national scope, the Bureau of Corrections (BuCor) shall be able to completely deliver the actual realization of deterrence (special deterrence and general deterrence), restraint, reformation, retribution, and restoration as major interventions for the treatment of law offenders towards a safe, secure, harmonious and progressive Philippine society.

Towards this end, the State shall provide for the modernization, professionalization and restructuring of the Bureau of Corrections by upgrading its facilities, increasing the number of its personnel, upgrading the level of qualifications of their personnel and standardizing their base pay, retirement and other benefits, making it at par with that of the Bureau of Jail Management and Penology (BJMP), and maximization of land use development for the agency's sustainability.

RULE III – DEFINITION OF TERMS

Section 3. Definition of Terms. For purposes of this IRR, the following terms or words and phrases shall mean or be understood as follows:

ii. **Similar Professional Skills** – refers to prison administration, resource management and engineering skills.

jj. **Victims** – refers to the casualties of the offense committed but is not limited to those who filed the charges against the offender but also include the family of the offender himself.

RULE IV – MANDATES OF THE BUREAU OF CORRECTIONS AND TECHNICAL OFFICERS

Section 4. The Mandates of the Bureau of Corrections. The BuCor shall be in charge of safekeeping and instituting reformation programs to national inmates sentenced to more than three (3) years through progressive, effective, and efficient administration.

a) **Safekeeping of National Inmates.** In compliance with established United Nations Standard Minimum Rules for the Treatment of Prisoners (UNSMRTP), the safekeeping of inmates shall include:

1. Decent and adequate provision of basic necessities such as shelters/quarters, food, water, clothing, medicine;
2. Proper observance of prescribed privileges such as regulated communication and visitation; and
3. Efficient processing of necessary documentary requirements and records for their timely release. The processing of these documentary requirements shall be undertaken by the Directorate for Inmate Documents and Records (DIDR).

The core objective of these safekeeping provisions is to “accord the dignity of man” to inmates while serving sentence in accordance with the basis for humane understanding of Presidential Proclamation 551, series 1995, and with UNSMRTP Rule 60.

b) **Security of National Inmates.** The complementary component of safekeeping in custodial function is security which ensures that inmates are completely incapacitated from further committing criminal acts, and have been totally cut off from their criminal networks (or contacts in the free society) while serving sentence inside the premises of the national penitentiary. Security also includes protection against illegal organized armed groups which have the capacity of launching an attack on any prison camp of the national penitentiary to rescue their convicted comrade or to forcibly amass firearms issued to corrections officers. The security of the inmates shall be undertaken by the Custodial Force consisting of Corrections Officers with a ranking system and salary grades similar to its counterpart in the BJMP. The circumferential security activities to be undertaken are:

1. Proper custody;
2. Implementation of prison laws and regulations, to include prevention of prison violence and crimes; and
3. Efficient Recovery of fugitives.

The core security objectives of such activities are a) to completely incapacitate inmates from further committing criminal acts, and b) have them totally cut-off from their criminal networks (or contacts in the free society) while serving sentence at BuCor, to ultimately protect the society against crime as provided for in Rule 58 of UNSMRTP. The conduct of these activities shall be undertaken by the Directorate for Security and Safekeeping (DSS), supported by Directorate for Intelligence and Investigation (DII), and Directorate for Plans and Program (DPP).

c) **Reformation of National Inmates.** The circumferential reformation programs which will be institutionalized by BuCor for the inmates shall be comprised of the following:

1. **Moral and Spiritual Program.** This refers to the moral and spiritual values-formation of inmates which shall be institutionalized by the Directorate for Moral and Spiritual Welfare (DMSW), which include the practice of one’s religion and beliefs. Participating Religious Volunteer Organizations (RVO) and individuals shall be regulated and managed by DMSW.
2. **Education and Training Program.** This refers to the administration of formal and non-formal education, and skills development of inmates which shall be institutionalized by the Directorate for Education and Training (DET). Participating volunteer teachers, professors, instructors, and trainers shall be regulated and managed by DET.
3. **Work and Livelihood Program.** This refers to the administration of skills development programs on work and livelihood to achieve self-sufficiency of inmates in the prison community and for income generation of the agency. This shall be institutionalized by the Directorate for Work and Livelihood (DWL). Volunteer participating agencies, Non-Government Organizations and individuals shall be regulated and managed by DWL.

4. **Sports and Recreation Program.** This refers to the administration of physical and recreational engagement to achieve mental alertness and physical agility in the spirit of sportsmanship. This shall be institutionalized by the Directorate for Sports and Recreation (DSR). Volunteer participating agencies, Non-Government Organizations and individuals shall be regulated and managed by DSR.
5. **Health and Welfare Program.** This refers to the administration of proper nutrition, hygiene, sanitation, cleanliness and promotion of good health to inmates. This also includes appropriate provision of medical care or hospitalization of the sick, mentally impaired, old aged, and disabled inmates. This shall be institutionalized by the Directorate for Health and Welfare Services (DHWS). Volunteer participating agencies, Non-Government Organizations and individuals shall be regulated and managed by DHWS.
6. **Behavior Modification Program.** This refers to the administration of programs for the character formation of an inmate necessary for effective interpersonal relationship in the prison community. This program also includes Therapeutic Community. This shall be institutionalized by the Directorate for Behavior Modification (DBM). Volunteer participating agencies, Non-Government Organizations and individuals shall be regulated and managed by DBM.

The core objective in the administration of these circumferential reformation programs is the effective treatment of anti-social behavior and destructive personality disorders of an inmate.

d) **Progressive Administration.** Progressive administration shall be achieved through *objective intent, constructive approach, and productive actions* on every administrative undertaking particularly towards personnel, facilities, equipment, supplies, and BuCor lands. This aims to subdue every subjective intent, destructive approach, and counter-productive courses of actions carried out in the previous years prior to the promulgation of this Act.

1. **Effectiveness and Efficiency.** The effective and efficient administration of agency resources shall be achieved through the functional areas namely: Human Resource, Comptrollership, Management, Engineering, Logistics, and the Support Services. The core objective of these functional areas is the administration of Functions and Programs towards Initiation, Compliance, Proficiency, and Institutionalization.
2. **Sustainability of Operations.** The administration's primary lookout is the continuity of projects and sustainability of operations in the corrections service twenty four (24) hours a day and seven (7) days a week in all circumstances such as during natural calamities, changing of directors, and even holidays because inmates are permanent responsibility and accountability of BuCor.

e) **Corrections Technical Officers.** The reformation programs shall be undertaken by Professional Reformation Personnel who are duly assisted by personnel on other professional lines of expertise consisting of Corrections Technical Officers with ranking system and salary grades similar to Corrections Officers.

1. **Professional Lines of Expertise.** Corrections Technical Officers are referred to in this IRR as personnel employed in the implementation of reformation programs and those personnel whose nature of work requires proximate or direct contact with inmates such as Professional Administrative Personnel, Professional Engineering Personnel, and Professional Reformation Personnel. These are the three (3) professional lines of expertise of Corrections Technical Officers to ensure continuity of projects and sustainability of operations in the corrections service. The word "technical" does not necessarily denote the

technicality of their work but is used merely to distinguish these personnel from the custodial officers who are working on the security and safekeeping component of the corrections service. The personnel strength in every line of expertise shall follow its own pyramidal rank structure.

1.1 Duty. Reformation Officers shall work on a one shift schedule (except for medical personnel). Administrative and Engineering Officers, on the other hand, shall stand by on a 24-hour/7day-a-week “on call” status to be able to address arising administrative and engineering undertakings which require immediate action any time of the day or night, without obligating the government for overtime or holiday compensation. Such undertakings include, among others, the processing of inmates’ release papers even during holidays and weekends which cannot be withheld even for one day to avoid arbitrary detention (i.e. expiration of sentence or grant of parole or pardon by the President, and others), financial and logistical documents such as vouchers, checks, purchase requests/orders to effect the necessary and immediate transfer or movement of inmates, procurement of supplies and equipment for emergency purposes and other similar transactions. Also included are repairs of vital prison facilities and equipment through civil, electrical, and mechanical engineering works, alongside with the maintenance of communications and transportation services, to sustain daily custodial and reformation operations. However, Engineering Officers, assigned as duty drivers, duty electricians and similar duty assignments shall work on a three-shift schedule.

1.2 Training. There shall be a separate and distinct training program for each Corrections Technical Officer’s professional line of expertise. Such training will be different from the training of regular Corrections Custodial Officers.

2. Competencies. Corrections Technical Officers include, among others, priests, evangelists, pastors, teachers, instructors, professors, vocational placement officers, librarians, guidance counselors, physicians, nurses, medical technologists, pharmacists, dentists, therapists, nutritionists, psychologists, psychiatrists, sociologists, social workers, engineers, electricians, agriculturists, veterinarians, lawyers, accountants, budget officers, finance officers, administrators, planning officers, computer programmers, data encoders, and similar professional skills relevant to the implementation of inmate reformation programs, prison administration, management of resources, and maintenance of facilities and equipment.

RULE V – OPERATIONS AND STRUCTURE OF BUCOR

Section 5. Operations of the Bureau of Corrections. The major procedures of operation in BuCor through the prescribed organizational structure underscore a systematic workflow as provided for in this Act is described in the following:

- a. **General Process.** The BuCor shall operate with a directorial structure. It shall undertake reception of inmates through its Directorate for Reception and Diagnostics (DRD), formerly Reception and Diagnostic Center (RDC), provide their basic needs and security through its Security and Operations Directorates, administer their reformation programs through its Reformation Directorates, and prepare inmates for reintegration to mainstream society through its Directorate for External Relations (DER), formerly External Relations Division (ERD).
- b. **Reception and Diagnostics.** Hereunder are the Basic Procedures for Reception and Diagnostics for new inmates.

b.1) **Reception.** Committed inmates shall be admitted to BuCor through DRD in the following institutional procedure:

1. Admission of Prisoners. The BuCor, through its penal establishments, shall receive prisoners from competent authority upon presentation of the following documents:
 - Mittimus/Commitment Order of the Court,
 - Information and Court Decision in the case,
 - Certification of Detention,
 - Certification of No Pending Case,
 - Certification of Non-Appeal, and
 - Provincial Form 35 / Inmate data sheet
2. A female offender shall be received only at the Correctional Institution for Women.
3. All prisons and penal farms are also authorized to receive directly from courts convicted prisoners in consonance with the Supreme Court Circular No. 63-97 dated October 6, 1997.

b.2) **Diagnostics.** The DRD shall likewise be responsible for the conduct of classification of each and every inmate admitted to the BuCor. Inmates shall be classified according to security risk and sentence. Included in the classification are determining an inmate's certain:

- 1) Interests, skills or talents;
- 2) Physical, mental, spiritual, psychological evaluation; and
- 3) Social (socio-demographic), and other behavioral-trait assessments.

The core diagnostics objective is to determine an inmate's "Reformability." These classification activities shall serve as reference of the DRD in the preparation of individual inmate reformation treatment programs and inmate-group reformation treatment programs.

c) **Segregation Scheme.** Aside from those borne of the provisions under Rule 8, Part I Rules of General Application of the UNSMRTP and that of the existing regulation of the BuCor on security classification (i.e. maximum, medium and minimum security risk), inmates shall also be internally classified by the DRD and segregated according to crimes committed based on the related penal codes such as Crimes Against Persons, Crimes Against Properties, Crimes Against Chastity, so on and so forth, as well as by other related Special Laws, Customs Laws and Immigration Laws. This is to ensure that an inmate will not be susceptible to acquire other criminal skills brought about by his exposure with other inmates who are committed to BuCor for different crimes or offenses, which normally happens in the present prison setup.

d) **Security and Reformation.** From the DRD, the Custodial Force and Reformation Personnel of respective security institutions/camps shall be in charge for the security and the implementation of the recommended individual inmate reformation treatment program and the inmate-group reformation treatment program of each and every inmate while serving sentence, respectively.

e) **Pre-Release and Post-Release Programs.** The Directorate for External Relations (DER) shall be responsible for pre-release and post-release programs of inmates due for release. The DER shall also evaluate, classify and apply necessary reformation programs to inmates for readiness to join the mainstream society upon release, as part of the pre-release program. The inmate readiness programs are customized towards their specialization in the areas of educational growth, livelihood entrepreneurship, sports engagement, religious practice, and appropriate medical treatment. This specialization is intended for the continuous practice of inmates in these areas in the free society through linkages, liaison, and coordination efforts undertaken by DER with the appropriate agencies/institutions participating in Post-Release Programs such as government or

private schools, churches, health centers, government or private hospitals, and local government units. The DER shall also classify inmates according to professional, technical and vocational skills acquired for referral and endorsement to appropriate companies or corporations participating in BuCor On-The-Job Training and Skills Development Programs for newly reformed inmates. The conduct of post release programs by DER includes monitoring and evaluation of performance of released inmates on their specialized areas among the participating agencies/institutions in the free society to assess the effectiveness and applicability of reformation programs institutionalized by BuCor.

In order to fully implement a successful reintegration of released inmates to the community, the following circumferential objectives are to be focused upon by DER, to wit:

- 1) Secure support from family and community prior to release period; and
- 2) Secure acceptance from family and community upon release.

These shall facilitate the achievement of the core reintegration objectives, which are aimed at the a) restoration of civil identity by society upon restoration of civil rights by law, and b) re-establishment of lost personal identity as law-abiding citizen in the free society. The personnel of DER shall perform diagnostics functions to classify inmates for the application of appropriate pre-release and post-release programs. Administration of pre-release programs by DER shall be assisted by reformation officers. Post release programs shall be performed solely by DER personnel.

Throughout the course, from DRD to the Custodial Force and Reformation Personnel, and finally to DER, inmates of BuCor are continuously accorded with the proper safekeeping.

f) **Administration.** Apart from handling inmates, the BuCor shall administratively operate like a standard government agency through its Administrative Directorates with internal control and internal audit units. It shall conduct its planning and management through its Directorate for Planning and Management, conduct personnel recruitment and welfare development through its Directorate for Personnel and Human Resource Development, conduct budgeting and accounting through its Directorate for Comptrollership, conduct facility and equipment maintenance and other engineering services through its Directorate for Engineering Services, and conduct procurement process through its Directorate for Logistics. These directorates are assisted by support service group such as Legal Service, Training Service, Public Affairs Service, Information and Communications Technology Service, Finance Service, Reservation Security-Safety-and-Cleanliness Service, Health Services, and Logistics Support Service. For effective and timely discharge of duties, all BuCor Directorates shall have a commensurate distribution of the following administrative personnel: admin officer, budget officer, supply officer, finance officer, liaison officer, planning officer, record officer, monitoring officer, statistician, performance evaluator, and message center officer. They shall have a prescribed mandatory rotational assignments among the clusters of directorates on Security and Safekeeping, Reformation, and Administration.

g) **Computerization.** The BuCor, through the Directorate for Inmate Documents and Records and Directorate for Personnel shall employ full computerization system.

1. **Inmate Records.** Computerization shall be developed in the build-up, maintenance and transmittal of necessary inmate records to all its Prison and Penal Farms and other recipient agencies (i.e. Board of Pardons and Parole, Office of the President). This shall also facilitate the immediate processing of records for timely release of inmates. This shall be done through development of

needed information system, network infrastructure, internet connectivity, procurement of hardware and software and creation of Information Technology (IT) positions. The system shall efficiently monitor inmates as well as provide decision support system that will help in determining the needed reformation programs and for the timely transmittal of inmate's record to the Board of Pardons and Parole for those who are eligible for early release.

2. **Personnel Records.** Computerization shall be developed for Personnel Accounting and Information System (PAIS), which shall record the a. Recruitment and Selection, b. Training and Development, c. Employment and Reassignment, d. Performance Evaluation, e. Promotion and Servicing, and f. Attrition of uniformed personnel of BuCor.

h) **Classification.** Inmates shall undergo on the following classification upon admission up to their release:

- Pre-Admission Classification at DRD,
- Re-Classification for Reformation Programs while serving sentence,
- Pre-Release Classification at DER,
- Security Classification while serving sentence (by length of sentence and by crimes committed), and
- Safekeeping Classification while serving sentence (by health condition, age bracket, and gender).

i) **Inspection.** Admin technical officers are duty bound to conduct ocular inspection inside security camps on a regular basis such as monthly, quarterly, semi-annually, and annually, to monitor the actual deployment of administrative effects (facilities, equipment, supplies, and personnel) in terms of authorized quantity, quality and utilization. Likewise, engineering technical officers shall conduct regular inspection to monitor the functional and serviceable conditions of prison facilities, vehicles and equipment. Medical technical officers, on the other hand, shall conduct regular inspection pertaining to: 1) the quantity, quality, preparation and service of food; 2) the hygiene and cleanliness of prisoners; 3) the sanitation, heating, ventilation of the institution; and 4) the suitability and cleanliness of the prisoner's clothing and bedding. The Director General shall take into consideration the reports and advice that the medical officer submits and, upon his evaluation, shall take immediate steps to give effect to those recommendations.

j) **Gender Sensitivity Program.** Gender concerns should be addressed in all planning activities, setting of priorities, allocating of resources and identifying actions and activities of the BuCor. It should also incorporate a gender sensitive perspective in the implementation of such plans and programs.

- Gender sensitivity shall also be employed in all its internal policies, strategies, budget, projects, structures and mechanisms, including but not limited to hiring, promotions, assignment, training opportunities, pay and benefits. A gender perspective should likewise be integrated in all its training programs.
- The BuCor, in accordance with existing laws shall provide appropriate funds to effectively implement Gender and Development programs, activities and projects: Provided, That no such funds shall be taken from the appropriations for inmates' monthly operating and other expenses (MOOE) and inmates' capital outlay (CO).

RULE VI – LAND CONTROL AND MANAGEMENT OF BUCOR

Section 6. Lands of the Bureau of Corrections. A Land Development Board shall undertake the following provisions.

a) **Land Use.** Aside from administrative purposes, all BuCor lands shall be used for inmate security, reformation programs and as a means to promote sustainability, both income and non-income generating programs, with or without partnership among non-government organizations, civic organizations or other government entities.

1. Prison lands previously ceded to Local Government Units (LGU) but were abandoned or not developed accordingly for more than 5 years from the time they were ceded, shall revert back to BuCor for inclusion in its plans and regular programs to expand and utilize as penal agricultural, industrial, and/or commercial production farm.
2. BuCor shall require all prisons and penal farms, whenever applicable, to dedicate a portion of their respective penal reservation for horticulture, rice fields and livestock industry to sustain its basic institutional food requirements leading to self-sufficiency, administrative economy and promotion of health and welfare of the prison community.
3. No portion of BuCor property may be sold or appropriated. However, it may be mortgaged to finance investments and projects.
4. BuCor may opt to plan, develop, operate, and segregate portion of its land for the use of ECOZONES or “Special Economic Zones” (SEZ) which have the potential to be developed into agro-industrial, industrial, tourist, recreational, commercial, banking, investment and financial centers. An ECOZONE may contain any or all of the following: industrial estates (IEs), export processing zones (EPZ), free trade zones and tourist / recreational centers.
5. Mixed use land classifications are to be established by BuCor intended to accommodate several compatible land use categories, including most residential uses, neighborhood retail, service commercial, institutional uses and activities to promote smart growth principles both for inmates, stakeholders and its employees.

b) **Land Use Development.** As a way to maximize its assets value for the efficient and extensive reformation (corrections) programs for national inmates, the BuCor shall have the absolute authority to design, develop, formulate and implement land use development plans and policies.

1. Development plans should be formulated in every penal farm based on the best use for the area. This shall then be the basis of sourcing of development projects. Once operational, these projects should be monitored until its termination.
2. An office (business center) shall be created which shall be responsible for managing the assets of the Bureau. Its responsibility shall include evaluation of developmental projects and monitoring up to its eventual termination. It shall also be responsible for acquisition of additional lands, titling of lands and preservation of integrity of land holdings against encroachments, illegal settlers and against granting of lands to beneficiaries thru presidential proclamations.
3. All proceeds from land use or other sources shall be remitted to a separate fund. This fund shall be used to finance the requirements of the inmates, administration and investments of the business center. All proceeds shall be subject to normal government auditing procedures.
4. BuCor may opt to formulate plans and programs in accordance to and pursuant to the policy on Public Private Partnership (PPP) and other possible sources of funds including but not limited to grants, donations and loans, to explore productivity of prison manpower as a rehabilitation component and proper administration and use of prison landholdings.
5. As far as practicable, BuCor shall organize a manpower intensive economic zone in every penal reservation or through joint venture agreements to generate revenues in favor of prison maintenance and institutional upkeep.

6. All revenues derived from use of the BuCor lands and other businesses shall not be taxed by the government.
7. BuCor may explore the possibility of having recycling centers – maximizing manual labor and marketability for their products, and the possibility of an orchard and tree park operations.

c) **Regionalization Policy.** The BuCor may propose additional penal farms as may be necessary as possible, aside from its existing seven (7) prisons and penal farms among the remaining regions in the country where prison facilities are not present yet to facilitate proximate access to the outside society for securing support from family and community while serving sentence and secure acceptance from them upon release from incarceration. Furthermore, this serves as a firm action and commitment to decongest existing penal institution and accommodate the increasing number of inmates committed to the agency. In addition to this, the following facilities or installations may also be utilized for the purpose:

1. Military and police camps where inmates are authorized to serve time of their sentence shall have an area declared as confinement camp supervised under terms defined by BuCor in partnership with AFP and PNP as a decongestion scheme and security related purpose. The said venture shall be duly covered by a Memorandum of Agreement or Understanding (MOA/MOU).
2. Uninhabited or remote lands, not declared as protected areas, may also be proposed or subjected as areas for proclamation as additional site for transfer of prisoners as part of decongestion scheme and for purposes of awarding a defined portion of said area for development as penal settlement.

d) **Land Certification of Title.** All BuCor lands shall have a Certificate of Title registered under its name. This comprises lands in actual, physical and uninterrupted possession and control of the Bureau.

1. All BuCor lands in its actual, physical and uninterrupted possession and control, and BuCor lands already controlled by law, Presidential Proclamations or Decrees, Executive Orders, Deed Of Transfer including those acquired by way of acquisitive prescription, shall have a Certificate of Title registered under its name.

e) **Land Security and Control.** The BuCor shall provide total security and control over its lands through its Reservation Security-Safety-and-Cleanliness Service (RSSCS) functioning like a Base Police Unit organized into companies and battalions headed by a reservation area commander, which is equivalent to a camp commander in a military reservation area. The personnel strength of RSSCS shall be proportionate with the total land area and the population of the reservation in every prison and penal farm.

RULE VII – FACILITIES OF THE BUREAU OF CORRECTIONS

Section 7. Facilities of the Bureau of Corrections. The BuCor shall operate with the standard and uniform design of prison facilities, reformation facilities, and administrative facilities, through all the operating prison and penal farms.

Facilities with adequate equipment are major components of prison security that complement with custodial strength. The Directorate for Engineering Service shall be responsible in ensuring continuous operation and maintenance of all facilities and equipment to provide reliable and competent security support capability. They shall have three-shift tour of duty in the performance of their respective tasks, among others, inspection, repair, evaluation and recommendation on engineering service matters.

All facilities shall be in conformity with Philippine building, architectural, structural, electrical, plumbing, fire safety, flood code/standard and must be accessible to Persons With Disability (PWD) pursuant to *Batas Pambansa Blg. 344* or Accessibility Law. Initially, the following specifications are in conformity with the BJMP Manual on Habitat, Water, Sanitation and Kitchen in Jails (revised edition 2012). However, after five (5) years upon the publication of BuCor Manual on Habitat, Water, Sanitation and Kitchen in Corrections, such specifications shall be revised accordingly.

a) **Dormitory** – refers to the facility exclusively used as confinement area of all inmates within the prison camp with specific consideration on spatial designation.

1. Classification of Dormitory

Type A Dormitory – above 500 inmate capacity and lot area of more than 1.5 hectares

Type B Dormitory – 101 to 500 inmate capacity and lot area of 1.5 hectares

Type C Dormitory – 1 to 100 inmate capacity and lot area of 3,000 sq. m.

The recommended lot area per inmate is 30 sq. m.

For a standard lay-out of a cell, the Architect or Engineer should have an overall idea of an ideal cell capacity so that he can design a dormitory building using the different classification of dormitory. The architect/engineer should use the following parameters/building specifications:

- Cell Capacity

Ideal habitable floor area per inmate = 4.7 square meters

Maximum number of inmates per cell = 10

Maximum number of bunks beds = 5 units two level

Wash area (for utensils, hand washing) = 1 unit

Water closet (toilet bowl) = 1 unit

Bath area = 1 unit

- Floor Area to ceiling height

Ground Floor = 3.0m (minimum)

Succeeding Floors = 2.70m (minimum)

Main Cell Door = 1.0m x 2.10m (Sliding Type)

Ideal cell area = 6.0m x 8.0m = 48 sq. m

- Cell Grill and Window Grills

Materials:

Vertical Grills = 25 mm Dia. Plain bars @ 0.10m (4") on centers

Frame = 2" x ¼" Thick Flat bar

Horizontal Support = 2" x ¼" Thick Flat bar at 0.60m on centers, maximum spacing

- Wall = 6" Thick CHB with Plaster Finish at both sides
- Firewall (limited lot area) = 6" thick reinforced
- Toilet

Partition:

Height = 1.20m for male

=1.60m for female

Materials = 4 inches thick with tile finish at inner sides

- Doors

Width = 0.60m

Height = 2.10m

Materials = any durable materials

- Ventilation and Lighting

The Architect/Engineer shall also consider that the windows are large enough to enable the inmates to read or work by natural light. It shall be constructed to allow the entrance of fresh air whether or not there is artificial ventilation. Artificial light shall be sufficient for the detainees to read or work without injury to eye sight. The requirement for ventilation must be fulfilled and he can use the following parameters.

- Ventilation standard

Minimum air space per person = 14.00m³

Size of opening (minimum) = 10% of total floor area (TFA)

- Lighting

Enclosed cells or spaces shall be provided with natural light by means of exterior openings with an area equal to one tenth (1/10) of total floor area (TFA) of cell or spaces. Minimum artificial lighting per inmate is five watts (5W) CFL/LED.

For two (2) storey up to four (4) storey dormitory building, there is a risk for inmate accidents as the building is elevated. The corridor must be enclosed with a 4" x 4" steel matting framed by ¼" x 1" x 1" angle bars. If the building is very long, there must be a stairwell 20m apart and the end stairs should lead to the roof. These stairs should be provided with caged steel ladders in case of emergency (fire, earthquake etc.).

b) **Administrative Building** – an edifice where management of institutional support and resources are administered including all records and documents servicing.

The building may be constructed according to the desired capacity to house the following groups such as command group, directorates, support service and operating units. Knowing the number of personnel, the designer can plan a two (2) storey up to four (4) storey building.

c) **Perimeter/Security Fence** – refers to physical indicators of boundary lines and barriers delineating the prison camp, its security divisions and perimeter markings on the prison reservation as a whole.

- Main Perimeter fence is 6” CHB, minimum height from the finish grade line to the top shall not be less than 4.00 meters and 1.00 meter shall be added for barbed / concertina wire provision. Provide 1.00 meter barbed / concertina wire provision at 0.10 meter horizontal spacing on top.
- Secondary fence is welded wire / steel matting, minimum height from the finish grade line to the top is 2.50 meter and 0.60 meter shall be added for barbed / concertina wire provision. Provide 0.60 meter barbed/concertina at 0.10 meter horizontal spacing on top.
- Minimum distance of the nearest inmate dormitory or building wall to the secondary perimeter fence is 10 meters. The minimum distance from secondary to main perimeter fence is 4 meters.
- An electronic device, e. g. motion sensor, alarm, surveillance camera and cell phone jammers must be installed at the perimeter fence to alert all guards at post towers to thwart escape attempt.

d) **Hospital/Infirmary** – refers to a medical facility established inside the prison compound for treatment of sick or injured inmates. This will also serve as a place of confinement for inmates with contagious disease. Sick inmates requiring advance medical treatment shall be brought to the nearest hospital if the prison hospital does not have the necessary medical equipment and expertise to treat such malady.

- Hospital/Infirmary for Types A and B shall contain, at least, basic facilities such as isolation room, emergency room, operating room, recovery room, dental, laboratory, X-ray room, comfort rooms, beddings, pharmacy and other standard facilities for Hospitals/Infirmarys. This shall be in accordance with the Administrative Order No. 147-s-2004 issued by the Department of Health.

It shall also be equipped with a stand-by ambulance and emergency electric generator in case of power failure.

e) **Recreation/Multipurpose Hall** – a combined facility where cultural and sports activities are conducted on a regular basis.

The facility shall be equipped with an Audio Visual Room (AVR), CCTV cameras and other necessary electronic devices that will make the facility functional.

For a basketball court it needs an area of 16m x 30m and this area can be converted to a volleyball or tennis court.

It can also be used as a sunning area. The facility must also be equipped with a steady sound system which can be used during ceremonies and other activities to be conducted by the Bureau. It must have collapsible or permanent bleachers, public address system, comfort rooms for both male and female and a dressing room for players/watchers.

f) **Training/Lecture Center** – a combined facility, which may be a one storey or two storey building where a library, classrooms or an auditorium are constructed and a place where safety and care is foremost in the course of its usage and vocation.

This facility which can accommodate 100 participants must be fully air-conditioned and must have a separate comfort rooms for male and female participants including rest rooms and mess hall. It is also constructed with audio visual room complete with accessories such as photocopying machines, computers and other necessary equipment for participants and trainers to use.

g) **Workshop Facility** – a facility where livelihood workshops are conducted. It must be near the lecture center or within the building for easy access for the participants. Participants of 50 – 100 must be considered in the design. The training/lecture center must be well ventilated or fully air-conditioned on workshop rooms where there are no welding and cutting activities done. Comfort rooms and mess hall shall also be included in the area.

h) **Kitchen and Mess Hall** – refers to an important sector in the prison facility where food preparation is conducted and an adjacent area where food is served.

Location:

The location of the kitchen should be near the premises where stocks of food and fuel are kept so as to limit the work involved in handling supplies.

The area of the Kitchen must be designed as to the ideal capacity of inmate population per camp. The figure of 0.1sq.m per inmate is used. That means an area of 50 sq. m per 500 inmates.

Kitchen Standards:

Standard Fuel for all Dormitory – LPG (fire safety compliant)

Materials – Reinforce concrete columns, CHB walls, concrete floor

Counter Finish – Glazed Tiles (wall and counter)

Window – Jalousie or Steel casement with Screen

Floor Finish – Unglazed Floor Tiles

Cleaning of Kitchens: everyday

Disinfection : once a week

Lighting – 3 watts/m²

- The kitchen must have a water-supply and storage system for cooking and cleaning.
- It must have a place for the storage of food stuff. Food supplies must be kept in a clean, dry and well ventilated place and have a cold storage room for perishable food.
- It must also have a proper drainage and disposal of waste water.
- It must be well-lighted, ventilated and with smoke/fume extraction system.

i) **Visiting Area** – A facility where visitors of inmates are accommodated. The architect/designer must take into consideration the maximum capacity of 500 persons to accommodate the influx of visitors during seasonal events such as Christmas, New Year, Valentine's Day, and other special events in the Bureau. The visiting hall must have two (2) gates at opposite sides, one (1) gate for the inmate with a call slip and one

(1) gate specifically for visitors. The hall shall be equipped with the following electronic devices such as cameras, AVR, ceiling fans and lightings. It shall also have a separate comfort rooms for male and female visitors with water closets, urinals, vanity mirrors and lavatories. Adjacent or within the facility is an IPX Store where visitors/inmates can buy anything for their needs. The building is one (1) storey enclosed by one (1) meter height of CHB (4”) wall from finished floor line with concrete benches integrated and additional plastic tables and chairs must be provided to complete the needs/capacity of the hall. Additional steel matting, with 2” x 2” openings shall be provided to complete the total enclosure of the facility.

j) **Conjugal Rooms** – A one (1) storey facility shall be constructed to accommodate an inmate’s conjugal visits from his legal wife or common-law-wife (CLW). It shall accommodate 20 couples, cubicle-type with an area of 2.5m x 3.50m each room. Each room shall also be equipped with the following: Bed, ceiling fan and a comfort room.

k) **Water Supply System** – Water tanks and pumps shall be provided in the absence of government/commercial water system to prevent interruption of supply in any place where inmates are being held.

1. Standards for Water Supply in prisons camp are the following:
 - o) Minimum amount of water – 95 liters/capita/day (to cover all needs)
 - o) Minimum amount of water for drinking – 3 – 5 liters/inmate/day
2. Water design computation must include inmates, prison personnel and visitors. It must be sufficient to meet the following:
 - o) Drinking water
 - o) Preparation of meals
 - o) Maintenance of personal hygiene
 - o) Operation of the sewage and waste-disposal system
 - o) Cleaning of premises
 - o) Livelihood, garden irrigation, etc.
3. Either submersible pumps or local water supplies as the source of water, disinfection of water system must be done regularly to prevent sickness of inmates which may be attributed to a water-borne organism and others. Standard disinfection procedures must be strictly followed.
4. When using submersible pump, emergency generator set must be installed in case of regular electric power failure to ensure continuous supply of water to the prison camp.

l) **Reception and Diagnostic Center** – The camp for Directorate for Reception and Diagnostics shall be a specific secured office within every prison and penal farms where newly admitted inmates are quarantined and subjected to a battery of test (physical, psychological and medical) for a defined period (approximately 60 days) before classification is conducted.

1. The sequence for admitting inmates must be considered by the Architect/Engineer in designing the facilities of the RDC. The following facilities/amenities are needed:
 - Dormitories for inmates – For Type A, it shall be a two (2) storey up to four (4) storey building to accommodate 501 to 1000 inmates and for Type B, a two (2) storey building to accommodate 100 up to 500 inmates;
 - An administrative building shall be constructed separately within the camp for BuCor personnel;
 - Perimeter Fence;
 - Mess Hall / Kitchen;
 - Visitors Hall with IPX Store;

- Sports and Recreation Hall;
- Infirmary Building;
- Water Tank (20,000- gallon capacity with stand-by generator set);
- Building for Security Officers and armory;
- Overseer's Office and Receiving Room;
- Supply Office;
- Building for Psychology, Sociology, Case and Education Sections;
- Visitor's Park; and
- Religious/Inter-Faith Building.

m) **Service Personnel Facilities**– refers to the quarters of Commissioned Officers (CO) and Non-Commissioned Officers (NCO) supported and maintained properly by the this Bureau.

- CO Quarters – a single-detached housing unit with a minimum lot area of 8m x 12m including a carport.

1.1) Minimum floor area is 6m x 8m

1.2) Size of the main and back doors are 1.0m x 2.1m and 0.90 x 2.10m, respectively;

1.3) Each door has three (3) bedrooms; size of bedroom door is 0.80 x 2.10m, comfort room is 0.60 x 2.10m.

1.4) The windows dimension is 1.60 x 2.10m and 0.30 x 0.30m awning.

2. NCO Quarters – a two (2) storey building with the following dimensions:

2.1) Floor area is 8m x 30m per storey;

2.2) Five (5) doors per storey of 6m x 8m dimension each with toilet and bath, living and dining room;

2.3) Size of the main and back doors are 1.0m x 2.1m and 0.90 x 2.10m, respectively;

2.4) Each door has three (3) bedrooms; size of bedroom door is 0.80 x 2.10m, comfort room is 0.60 x 2.10m.

2.5) The windows dimension is 1.60 x 2.10m and 0.30 x 0.30m awning.

2.6) The stairs leading to second floor shall be installed at the center of the building with a 2m-wide corridor.

n) **External Relations Center** – The Camp of Directorate for External Relations shall be a specific secured office within every prison and penal farms, where inmates awaiting release are confined and subjected to a battery of tests (physical, psychological, medical, skills, talents, interests, and socio-demographic traits) for a defined period before classification for pre-release and post-release programs.

1. The sequence for releasing inmates must be considered by the Architect/Engineer in designing the facilities of the ERD. The following facilities/amenities are needed:
 - Dormitories for inmates – For Type A, it shall be a two (2) storey up to four (4) storey building to accommodate 501 to 1000 inmates and for Type B, a two (2) storey building to accommodate 100 up to 500 inmates;

- An administrative building shall be constructed separately within the camp for BuCor personnel;
- Perimeter fence;
- Mess Hall / Kitchen;
- Visitors Hall with IPX Store;
- Sports and Recreation Hall;
- Infirmary Building;
- Water Tank (20,000- gallon capacity with stand-by generator set);
- Building for Security Officers and armory;
- Building for External Relation Offices;
- Overseer's Office and Receiving Room;
- Supply Office;
- Building for Psychology, Sociology, Case and Education Sections;
- Building for Training/Lecture & Workshop Facility;
- Visitor's Park; and
- Religious/Inter-Faith Building.

o) **Court Room** – a facility within the prison reservation where court hearings are held to minimize risk and untoward incidents to happen on a high profile inmate and other security factors involved. It is in consonance with the Supreme Court Administrative Circular No. 2 dated December 2, 1976, which mandates that *“no prisoner sentenced to death or life imprisonment or detained upon legal process for the commission of any offense punishable by death or life imprisonment confined in the New Bilibid Prisons is allowed to be brought outside the said penal institution for appearance or attendance in any court except when the Supreme Court authorizes the Judge, upon proper application, to effect the transfer of the said prisoner. In addition, the said Circular directs every Judge in Metro Manila and the Provinces of Rizal, Bulacan, Cavite and Laguna who requires the appearance or attendance of any of the afore-stated prisoners confined in the New Bilibid Prisons in any judicial proceeding to conduct such proceeding within the premises of the said penal institution.”*

1. Court Room specifications:

1.1) Main Court Room – 5m X 6m

1.2) Clerk of Court Office and Filing Room – 3m X 3m

1.3) Judge's Chamber with T & B – 3m X 3m

1.4) Main Door – 1.0m x 2.1m panel type

1.5) Service Door to Judge Chamber – 0.80m x 2.10m flush type

1.6) All windows (standard with jalousies and grills) – 1.20m x 1.20m

2. Fixtures:

2.1) Judge's high table and chair mounted on an elevation surrounded by protected wooden flanks 2" thick;

2.2) Stenographer's table and chair;

2.3) Witness' stand/podium;

2.4) Counsels' table and chairs;

2.5) Inmate/Accused bench/holding space; and

2.6) Benches for audience and witnesses.

3. Equipment:

3.1) Air-conditioning unit;

3.2) Electric fans (stand-by);

3.3) Computer set with printer; and

3.4) Steel filing cabinet.

p) **Transient Quarters** – refers to a place where employees and their visitors on official business from different colonies can stay temporarily for a specified period of time. A duplex-type structure with an area of forty-five (45) square meters shall be constructed with the following specifications:

1. Partition area/dimension of 4.5m x 5.0m;
2. With two (2) chairs, one (1) table and two (2) double beds, with extra folding bed;
3. With toilet and bath room and walk-in closet;
4. An air-conditioning unit;
5. Panel-type door of 1.0m x 2.10m dimension;
6. Window of 1.20m x 1.20m with jalousies and screen;

One partition of the duplex can accommodate five (5) persons. A ten (10) unit duplex shall be constructed and maintained to accommodate 100 transient visitors.

RULE VIII – SUPERVISION OF THE BUREAU OF CORRECTIONS

Section 8. Supervision of the Bureau of Corrections. The Department of Justice (DOJ), having the BuCor as a line bureau and a constituent unit, shall maintain a relationship of administrative supervision with the latter as defined under Section 38(2), Chapter 7, Book IV of Executive Order No. 292 (Administrative Code of 1987), except that the DOJ shall retain authority over the power to review, reverse, revise or modify the decisions of the BuCor in the exercise of its regulatory or quasi-judicial functions.

a) Administrative supervision of the DOJ over BuCor shall entail the following:

1. Limited to the authority of the DOJ to generally oversee and to insure that of BuCor's administrative requirements are managed effectively, efficiently and economically, without interference with day-to-day activities;
2. Review and pass upon budget proposals of BuCor but may not decrease or add to them;

b) Such authority shall not, however, extend to:

1. Appointments and other personnel actions in accordance with the decentralization of personnel functions under the Revised Administrative Code of 1987, except appeal is made from an action of the appointing authority, in which case the appeal shall be initially sent to the department or its equivalent, subject to appeal in accordance with law; and

2. Contracts entered into by BuCor in the pursuit of its objectives, the review of which and other procedures related thereto shall be governed by appropriate laws, rules and regulations.

RULE IX – ORGANIZATION AND KEY POSITIONS OF BUCOR

Section 9. Organization and Key Positions of the Bureau of Corrections.

- a. **Key Positions.** The BuCor shall be headed by a Director who shall be assisted by three (3) Deputy Directors: one (1) for administration, one (1) for security and operations and one (1) for reformation, all of whom shall be appointed by the President upon the recommendation of the Secretary of the DOJ: Provided, That the Director and the Deputy Directors of the BuCor shall serve a tour of duty not to exceed six (6) years from the date of appointment: Provided, further, That in times of war or other national emergency declared by Congress, the President may extend such tour of duty. Upon the implementation of this Act, the incumbent Director and Deputy/Assistant Directors of BuCor shall continue their tour of duty as Director General and Deputy Director Generals of Corrections. However, in no instance shall any Director of Corrections or his Deputy Director Generals be permitted to serve more than one (1) tour of duty in the prison service.
- b. **Officers in Command.** The Head of the BuCor, with the rank of Undersecretary, shall have the position and title of Director General of Corrections and shall bear the 3 star rank insignia for the present personnel strength of the agency. The second officers in command of the BuCor, with the rank of Assistant Secretary, shall have the position and title of Deputy Director Generals of Corrections, and shall bear the 2 star rank insignia. The third officer in command of the BuCor, with the rank of Chief Superintendent, shall have the position and title of Corrections Chief Superintendent. The fourth officer in command of the BuCor, with the rank of Senior Superintendent, shall have the position and title of Corrections Senior Superintendent. The fifth officer in command of the BuCor, with the rank of Superintendent, shall have the position and title of Corrections Superintendent. However, when the organization expands to the size comparable to several infantry divisions (or several regional commands), the area commander in a cluster of a division shall have the rank of Deputy Director, bearing the 2 star rank with a salary grade of 28 in the uniformed pay scale, as third officer in command, while the Deputy Director General of Corrections (as Assistant Secretary) shall be the second in Command which shall bear the 3 star rank insignia, while the Director General of Corrections (as Undersecretary) shall bear the 4 star rank insignia being the first officer in command. The Chief Superintendent shall then be the fourth officer in command, while the Senior Superintendent shall be the fifth officer in command. Consequently, a regional technical officer shall have the rank of Corrections Technical Chief Superintendent with a salary grade of 27 in the uniformed pay scale, who shall also be considered fourth officer in command. During such time, the candidates for Director General of Corrections and Deputy General of Corrections for the appointment of the President shall be the retired Deputy Directors and Chief Superintendents from the ranks of BuCor's uniformed personnel.
- c. **Organization and Staffing.** The Department of Budget and Management (DBM) shall rationalize the existing organizational structure and staffing pattern of the BuCor in accordance with the provisions of this Act (not according to EO 366) and relevant compensation and position classification laws, rules and regulations.

1) Organizational Key Features. The organizational structure shall uphold the key features of a sound and functional organization befitting a uniformed service namely: chain of command, specialization, centralization, formalization, departmentalization, span of control, and decentralization.

2) Structural Levels. The structural levels in the organization shall be in the following order: command group, directorates, support service, and the operating units. The Director General shall be assisted by the Head Executive Assistant, the Program Management Office, the Internal Affairs Service and the Internal Audit Unit.

3) Staffing Design. The organizational structure shall have a dynamic staffing design where personnel strength proportionately increases or decreases as inmate population rises or falls accordingly. Hence, the organization shall be distinguished as a “Dynamic Organization” apart from the common “Static Organizations.”

4) Core Functions and Success Indicators. All units in BuCor organization shall have a prescribed core functions and success indicators.

5) Internal Affairs. The Internal Affairs Service shall be patterned, as far as applicable, after Title V of RA 8551, Sections 39 to 51.

d) Uniforms and Rank Insignias. BuCor personnel shall wear a complete set of uniforms similar with its counterpart in other uniformed service with a distinctive design indicative of the Corrections Service and a unique set of rank insignia which is different from rank insignias of other uniformed service.

RULE X – PERSONNEL BUILD-UP OF BUCOR

Section 10. Increase of Personnel. The BuCor shall maintain the custodial personnel-to-inmate ratio of 1:7 for three (3) shifts and reformation personnel-to-inmate ratio of 1:24 for one (1) shift. The reformation ratio is broken down into the following:

- a) Moral and Spiritual personnel-to-inmate ratio is 1:240;
- b) Education and Training personnel-to-inmate ratio is 1:120;
- c) Work and Livelihood personnel-to-inmate ratio is 1:180;
- d) Sports and Recreation personnel-to-inmate ratio is 1:225;
- e) Health and Welfare personnel-to-inmate ratio is 1:80; and
- f) Behavior Modification personnel-to-inmate ratio is 1:150.

Hence, it is authorized to increase its manpower to meet such ratio and may continue to increase personnel per percentage rate increase of committed inmates annually or as the need arises particularly in the Administrative personnel requirements which shall have a ratio of 1:14.58, Engineering personnel ratio of 1:58.33, Directorate for Reception and Diagnostics and Directorate for External Relations combined personnel ratio of 1:120 (at 50% share each), and Directorate for Inmate Documents and Records personnel ratio of 1:116.7. Such increase of personnel shall be governed by a pyramidal rank structure, not by organizational structure, to prevent distortion in the chain of command.

RULE XI – PROFESSIONALIZATION, QUALIFICATIONS UPGRADING, AND TRAINING OF UNIFORMED PERSONNEL IN BUCOR

Section 11. Professionalization and Upgrading of Qualification Standards in the Appointment of the BuCor Personnel. In order to effect the smooth transition of BuCor into the Uniformed Service, the following guidelines for the professionalization and upgrading of qualification standards are hereby enumerated:

- a. **Minimum Qualifications.** No person shall be appointed as personnel of the BuCor unless one possesses the following minimum qualifications:
1. A citizen of the Republic of the Philippines;
 2. A person of good moral character;
 3. Must have passed the psychiatric/psychological, drug and physical test for the purpose of determining his/her physical and mental health;
 4. Must possess a baccalaureate degree from a recognized learning institution;
 5. Must possess the appropriate civil service eligibility;
 6. Must not have been dishonorably discharged or dismissed for cause from previous employment;
 7. Must not have been convicted by final judgment of an offense or crime involving moral turpitude; and
 8. Must be at least one meter and sixty-two centimeters (1.62) m. in height for male, and one meter and fifty-seven centimeters (1.57) m. for female: *Provided*, That a waiver for height and age requirement/s may be granted to applicants belonging to the cultural communities: *Provided, further*, That a new applicant must not be less than twenty-one (21) or not more than forty (40) years of age. Except for this particular provision, the above-enumerated qualifications shall be continuing in character and an absence of anyone of them at any given time shall be ground for separation or retirement from the service: *Provided, furthermore*, That those who are already in the service upon the effectivity of this Act shall be given five (5) years from the date of such effectivity to obtain the minimum educational qualification and eligibility with subsidiary assistance as provided for in this Act.

8.1) Subsidiary Educational Assistance. The BuCor shall establish and provide a subsidiary educational assistance to its personnel who lacks the necessary baccalaureate educational requirement in order to fully qualify for the position he/she was absorbed into by reason of the implementation of this Act. The following guidelines shall be observed:

8.1.1 An Off-Campus educational program in coordination with a State University or College and with other similar educational institutions shall be established in every Prison and Penal Farm;

8.1.2 The BuCor shall allocate the necessary budget to fund the educational subsidy to cover the total fees payable to the institution (tuition and miscellaneous fees);

8.1.3 An Accreditation fee shall also be provided by BuCor to cover exemptions on applicable educational units based on the years of prison service rendered by the grantee.

8.1.4 The grantee shall be entitled to a daily allowance to cover his/her other school expenses.

8.2) Subsidiary Assistance for Eligibility Requirement. The BuCor shall shoulder the expenses for the conduct of review for Government Licensure Examinations, Board Examinations, BAR, and Career Service Eligibilities (CSEE, CESO, CSP or its equivalent), of the incumbent BuCor officials and personnel who shall avail of the same as required for under the provisions of this IRR. The amount to be shouldered by the Bureau, covers the payment of applicable examination fee, transportation allowance, review, and daily allowances.

8.3) Waivers. Waivers for initial Appointment to the Bureau of Corrections as discussed in the preceding paragraph shall be allowed subject to the following general guidelines to govern the granting of the same:

The height requirements for the initial appointment to BuCor maybe waived only when the number of qualified applicants falls below the minimum quota subject to the provision of Rule 11 of this IRR. Provided, that applicants who belong to cultural communities must submit proofs of their membership in a particular cultural minority as certified by the National Commission on Indigenous Peoples (NCIP) or the National Commission on Muslim Filipinos (NCMF);

Upon recommendation of BuCor Recruitment Unit, waiver of height requirement may be granted by the Director General, BuCor;

Waiver of the height requirement may be granted to a male applicant who is at least 1 meter and 57 cm (1.57 m) and to a female applicant who is at least 1 meter and 52 cm (1.52 m); and

The height requirement shall only be waived subject to the condition that the applicant meets and possesses all other required qualifications.

b) Lapse of Period to Meet Specific Requirements. After the lapse of the period for the satisfaction of a specific requirement, incumbent personnel of the BuCor who fail to satisfy any of the requirements enumerated under this section shall be separated from the service if they are below fifty (50) years of age and have served in the government for less than twenty (20) years, or retired if they are fifty (50) years and above and have served in the government for at least twenty (20) years without prejudice in either case to the payment of benefits they may be entitled to under existing laws.

c) Corrections Academe. For sustained professionalism in the service, the BuCor is directed to conduct study for the feasible establishment of the Philippine Corrections Academy, patterned after the Philippine National Police Academy (PNPA) of the Philippine National Police (PNP) and the Philippine Military Academy (PMA) of the Armed Forces of Philippines (AFP) for its commissioned officers. The feasibility study shall extend to conduct research on the establishment of Corrections Officers Candidate School patterned after its counterpart in the AFP as the school for non-commissioned officers who desire to become commissioned officers; the establishment of Philippine Corrections Institute which will offer Bachelor's Degree on Corrections Service; the establishment of the National Corrections College of the Philippines (NCCP), patterned after the National Defense College of the Philippines (NDCP); and the establishment of the Corrections General Staff College, also patterned after its counterpart in the AFP the General Staff College (GSC). All these schools and colleges shall be housed within the land area of the Corrections National Head Quarters (CNHQ). A practitioner research shall also be undertaken to secure an accreditation from the Commission on Higher Education (CHED) by a CHED Memorandum Order (CMO), on the proposal to create a baccalaureate degree in Corrections Service (for Corrections Custodial Officers), baccalaureate degree in Corrections Management (for Corrections Technical Officers). Furthermore, the research shall also explore the process of acquiring a Corrections Officer Board Examination (for custodial) and Corrections Management Board Examination (for technical officers) from the Professional Regulation Commission (PRC). These shall serve as the basic requirements for taking up Master's and Doctorate Degree in Corrections Service and Corrections Management course.

d) Corrections National Training Institute (CNTI). The BuCor shall continue training its personnel through its Personnel Training School, which shall be renamed as Corrections National Training Institute (CNTI) patterned after the BJMP's Jail National

Training Institute (JNTI), the Bureau of Fire's Fire National Training Institute (FNTI) and the PNP's National Training Institute (PNTI). The BuCor shall create and designate an Ad Hoc Committee purposely to conceptualize or formulate the necessary requirements for the institution of the Corrections Training Institute and submit a report with recommendation within one (1) year from the ratification of this IRR.

e) **Training Courses.** The following are the distinct basic courses of uniformed personnel for each professional line of expertise to be undertaken by CNTI:

c) Sustaining the Modernization. BuCor is the first uniformed service whose highest officials in direct command of the organization are civilian employees with the ranks of Undersecretary and Assistant Secretary as Director General and Deputy Director Generals, and whose retirement ages can go beyond 56 years old in the service. This set-up established a strong moral ascendancy among all personnel of the agency who direly needs the long overdue upgrading called “moral recovery.” After the five-year period, high ranking civilian employees can be hired, preferably retired BuCor officers including those who went on early retirement, to sustain such moral recovery and to

preserve the stocked knowledge about the institution. They shall be designated as deputies of any BuCor units, with the ranks of Director III to Director V, through an outsourced selection board.

d) Outsourced Boards. The Civil Service Commission (CSC) shall assist BuCor and provide guidance for the creation of both an Ad Hoc Special Recruitment Board and Special Training Board whose composition shall be non-organic and outsourced. Both boards, however, shall have a BuCor representative. This is purposely for said composite teams to undertake the recruitment and training of recruits of BuCor. The CSC, upon the recommendation of BuCor, shall promulgate the necessary guidelines for the said boards respective functions and scope of work and issue special circular/s to this effect. They shall be functioning purposely to aid BuCor in its preliminary recruitment and training and shall be dissolved after five (5) years or upon due notice that the BuCor's own Selection and Promotion Board is ready and fully able to undertake the same.

Sec 23. Transitory Provisions. The provisions for personnel and facility transitions are described in the following paragraphs.

a) Incumbency. The incumbent Director and two (2) incumbent Assistant Directors shall serve as Director General and Deputy Director Generals under the terms for which they have been appointed without need of new appointments upon the enactment of this Act. However, the President may opt to extend their tour of duty to serve the remaining years of the 6-year term from the date of their original appointments, or reappoint them for a new full 6-year term of office as Undersecretary and Assistant Secretaries.

b) New Appointment for a third Deputy Director General. The third Deputy Director General of this agency shall be duly appointed as Assistant Secretary (newly created item) to meet the organizational requirement for Deputy Director Generals. In case an appointment has already been made but not as Assistant Secretary he also need no new appointment to serve the remaining years of the 6-year term from the date of his original appointment as Deputy Director General upon the implementation of this Act. However, the President may opt to reappoint such Deputy Director General for a new full 6-year term of office as Assistant Secretary.

d) Serial Number. There shall be generated an orderly and unique serial numbering system for Commissioned Officers (CO), which is from CI/CTI to all next higher ranks, and Non-Commissioned Officers (NCO), which is from COI/CTOI to CSOIV/CTSOIV, that will appear on the badges and uniforms based on the following schemes:

1. **Commissioned Officers.** The serial number shall have four (4) series for commissioned officers with four (4) digits, each starting from 0001 bearing a prefix letter indicative of the service for which the officer stands:

service: C for Custodial C-0001 (Series -1)

service: R for Reformation R-0001 (Series -2)

service: E for Engineering E-0001 (Series -3)

service: A for Administrative A-0001 (Series -4)

2. **Non-Commissioned Officers.** The serial number shall also have four (4) series for non-commissioned officers but with six (6) digits, each starting from 000001 bearing a prefix letter indicative of the service for the officer stands:

service: C for Custodial C-000001 (Series -1)

service: R for Reformation R-000001 (Series -2)

service: E for Engineering E-000001 (Series -3)

service: A for Administrative A-000001 (Series -4)

3. **Absorbed Personnel.** Upon absorption to initial rank on the first year of implementation (no lateral entry yet) each rank shall have a seniority listing by total years of active service. The highest year of service shall have the lowest serial number in that particular rank. The reference position for absorption shall be the Plantilla item held by each personnel upon the effectivity of this Act. If the personnel has been promoted or transferred from civilian item to custodial item, or vice-versa, after the effectivity of this Act, such promotion or transfer of item shall not be considered as reference position in the absorption process. The highest rank shall have the lowest series of serial numbers starting from 0001 for commissioned officers and 000001 for non-commissioned officers.
4. **Rank Adjustment.** When qualified BuCor personnel undergo rank adjustment on the first year of implementation due to their existing qualifications, those who were adjusted within the bracket of non-commissioned officer ranks shall retain their absorption serial numbers. Likewise, those who were adjusted within the bracket of commissioned officer ranks shall also retain their absorption serial numbers. However, those who were adjusted from the bracket of non-commissioned officer ranks to the bracket of commissioned officer ranks shall drop off their six (6) digit serial number to be replaced by the new four (4) digit serial number.
5. **Lateral Entry from Within BuCor.** During lateral entry from within the agency after the first year of implementation due to a personnel's newly acquired qualifications, the six (6) digit serial number shall be dropped off to be replaced by the new four (4) digit serial number. This shall be determined by merit and qualification among other candidates regardless of the length of service. The highest merit and qualification shall have the lowest serial number, next only to the assigned serial number of the last officer in that particular rank.
6. **Lateral Entry from Outside BuCor.** Lateral entry from outside the agency shall be determined also by merit and qualification as reference for the digits in the new serial number which shall be next only to serial number of the last officer in that particular rank.
7. **Qualifications Standards for Lateral Entry.** Qualifications Standards for lateral entry shall be promulgated by the Civil Service Commission with due consideration on the continuity of service record in jail, police, military, and fire protection, and without diminution of currently received pay scale and allowances.

8. **Representations in the Selection Board.** All rank adjustments and lateral entries shall be administered by an outsourced selection board, authorized by BuCor from the guidelines of CSC, and with representations of concerned sectors such as Education Sector, Economic Sector, Religious Sector, National Security Sector, Law Enforcement Sector, Prosecution Sector, Judicial Sector, Community Sector, and the Civil Service Sector, among others.
9. **New Graduates for CO & NCO Basic Course.** The serial number shall be determined by over-all ranking in the graduating officers. The number one among the graduates shall have the lowest serial number next only to the last officer in the entry rank of graduating candidates: Corrections Inspector/Corrections Technical Officer (CI/CTI) for commissioned officers' basic course, and Corrections Officer I/Corrections Technical Officer I (COI/CTOI) for non-commissioned officers' basic course.
10. **Alphabetical Reference.** In the event where there shall be more than one (1) personnel qualifying for the same serial number based on the afore-stated conditions, in cases of batch mates, the series to be applied shall be on alphabetical basis in an ascending order.

e) Optional Retirement. All incumbent personnel who, upon the effectivity of this Act, shall opt to early or optionally retire from the service will be entitled to the retirement benefits computed as follows:

Age	Age Basis for Computing Benefits
57	62
58	63
59	64
60-	65
65	

f) Retirement Age. All incumbent personnel, upon the effectivity of this Act, may continue to render services until one reaches the compulsory age of retirement for public officers of sixty-five (65). Those who shall be newly hired uniformed personnel will have a compulsory age retirement of fifty-six (56) years pursuant to the prevailing provisions on retirement age of those who are in the uniformed services.

g) Transitory Training. There shall be a transitory training from civilian culture and traditions to uniformed culture and professionalism for all incumbent personnel.

h) Inventory of all Facilities. There shall be an inventory of all facilities requiring repairs and those requiring replacement in accordance with the provisions for standard prison facilities as provided for in Rule 7 of this IRR.

RULE XX – ANNUAL REPORT

Section 24. Annual Report. The BuCor, through the DOJ and the DBM, shall jointly submit to the President of the Senate and the Speaker of the House of Representatives an annual report on the implementation of this Act. This report shall include information on the application of the budget for the salary and other benefits provided under this Act. The DBM, in consultation with the BuCor through the DOJ, shall periodically review and adjust every five (5) years the rates of base pay, taking into consideration labor productivity, consumer price index, oil price and other similar economic indicators as may be determined by the National Economic and Development Authority (NEDA).

RULE XXI – FINAL PROVISION

Section 25. Separability Clause. If any provision in this IRR, or application of such provision to any circumstance, is declared invalid or unconstitutional, the other provisions not affected thereby shall remain valid and subsisting.

Section 26. Repealing Clause. All laws, decrees, proclamations, orders, rules and regulations, and other issuances, or parts thereof, which are inconsistent with the provisions of this IRR particularly on the administration and management of: security, safekeeping, reformation, standard facilities, personnel, and land use, are hereby deemed repealed, amended or modified accordingly. These include, among others, the 2013 BuCor Rationalization Plan by virtue of E.O. 366, presidential Proclamation No. 350, s. 1994, Proclamation No. 718, s. 1996, Proclamation No. 111, s. 2001, Proclamation No. 112, s. 2001, Proclamation No. 234, s. 2002, Proclamation No. 335, s. 2003, Proclamation No. 667, s. 2004, Proclamation No. 1158, s. 2006, Proclamation No. 1159, s. 2006, Executive Order 568 – year 2006 (all three (3) signed in a single day of September 8, 2006), and Proclamation No. 1952, s. 2009.

Section 27. Effectivity Clause. This IRR shall take effect thirty (30) calendar days after its publication in the Official Gazette or in a newspaper of general nationwide circulation and upon filing with the University of the Philippines Law Center of three (3) certified copies of this IRR.

Done this 23 day of May 2016.
