# Philippines - Filipinas

Manila

This information is up to date as of September 2006

## I. Ages for legal purposes

---

### Age of simple majority

18 years old

### Age of consent for sexual activity

18 years old

### Age of consent for marriage

18 years old. Article 5 of the Family Code of the Philippines states "Any male or female of the age of eighteen years or upwards not under any impediments mentioned in Articles 37 and 38, may contract marriage"

Article 37: Marriage between the following is incestuous and void from the beginning, whether the relationship between the parties is legitimate or illegitimate.

Article 38: The following marriages shall be void from the very beginning for reasons of public policy;

- (1) Between collateral blood relatives, whether legitimate or illegitimate up to the fourth civil degree;
- (2) Between step-parents and step-children
- (3) Between parents-in-law and children-in-law;
- (4) Between the adopting parent and the adopted child;
- (5) Between the surviving spouse of the adopting parent and the adopted child;
- (6) Between the surviving spouse of the adopted child and the adopter;
- (7) Between an adopted child and a legitimate child of the adopter;
- (8) Between adopted children of the same adopter; and
- (9) Between parties where one, with the intention to marry the other, killed that other person's spouse or his or her own spouse

However, the legal capacity of either party may be defective, as when a girl and a boy between 18 and 21 years of age (i.e. below 21 years) gets married without parental consent. A defect in any of the essential requisite as mentioned (absence of parental consent) does not render the marriage void but makes it only voidable, i.e. valid until annulled.

**Age in child pornography legislation :**

*The country still adopts the international definition of a child in all its legislations, which is below 18 years old and although above eighteen, but with a mental capacity of a child below 18.*
